

Public Comment for the July 26, 2024, OSL Commission Meeting

To whom it may concern,

If your goal is to collect as much money for our state as possible, please consider expanding sports betting to allow other sportsbooks besides DraftKings. Just as they increased the handle the state receives by being an improvement over the Scoreboard app, so would having other online sportsbooks.

Firstly, DraftKings operates as a de facto monopoly, therefore not incentivized to offer products that would be found in a competitive marketplace. There are many markets, leagues, and types of bets that DraftKings simply does not service.

The lost revenue due to the limitations of DK's services and lack of at least the idea of competitive pricing could be SIGNIFICANT to say the least.

Thank you for your time and attention to our state's best interest in this matter.
